

vanBasco Karaoke Player

Use spacebar to start / stop playback.

Open a new file by drag-dropping it onto main console, or by double-clicking its filename.

The image shows the vanBasco Karaoke Player interface with several callouts pointing to specific features:

- Main menu:** Points to the top-left corner of the main window.
- Playback controls:** Points to the buttons for REW, FW, PAUSE, STOP, PREV, and NEXT.
- Quiet / Loud:** Points to the VOL slider in the CONTROL window.
- Slow / Fast:** Points to the TEMPO slider in the CONTROL window.
- Low / High:** Points to the KEY slider in the CONTROL window.
- Mute track:** Points to a red button in the track list.
- Solo track:** Points to a blue button in the track list.
- Right-click to change text layout options:** Points to the lyrics display area.
- Double-click to toggle full screen mode:** Points to the lyrics display area.

The main window displays the song "twinkle.kar" with playback progress (00:13 / 00:53) and BPM (082). The CONTROL window shows settings for TEMPO (128), KEY (+0), and VOL (100%). The track list includes instruments like Piano 1, E.Piano 1, Fretless Bs, Fantasia, Warm Pad, French Horns, and Jazz Ct. The lyrics display shows the text: "How I wonder what you are" and "Twinkle twinkle little star".
